

Travel insurance with Norton Insurance Brokers

Are you planning on getting away this year for a much-needed break?

Whether you're flying across the globe, sailing out to sea or getting behind the wheel of an epic road trip, Norton will keep you covered for every step of your adventure, so you can focus on the important part: making memories.

Our annual travel insurance package offers four levels of cover: economy, standard, premier, and premier plus, each with a wide range of cover options to suit you. With an annual policy, you won't need to worry about securing travel insurance before each trip, simply get up and go!

What will I be covered for on my trip?

Choose from our annual insurance packages for cover in Europe, Worldwide excluding USA, Canada, Mexico and the Caribbean, or Worldwide.

Simply pick the cover level that suits you based on where you plan to travel.

All of our four packages include a level of cover towards:

- Cancellation/cutting short a trip
- Medical emergencies and repatriation, including cover for emergency dental treatment
- Loss, damage or theft of baggage
- Loss, damage or theft of personal money, passport & documents, and the cost of obtaining a replacement passport
- Delayed departure, for covered scenarios
- Missed departure and additional transport costs, for covered scenarios

The benefits of annual travel insurance:

Many people take out travel insurance on a per-trip basis, with policies only activated right before your journey begins. This can make sense if you're planning some extreme adventure sports, but even these can be covered in annual travel policies.

Many people take out travel insurance on a per-trip basis, with policies only activated right before your journey begins. This can make sense if you're planning some extreme adventure sports, but even these can be covered in annual travel policies.

Covid-related cover

It’s important to know that you are still covered if your trip is cancelled for Covid-related reasons. These may include you or a close relative having Covid-19, having to self-isolate, or accommodation closing due to an outbreak. This can also apply if someone you were due to stay with or travel with on your trip needs to self-isolate.

Your travel insurance will also cover you if you have to cancel because of redundancy and can no longer cover the cost of your holiday.

Many travel providers and airlines are ATOL protected, but if your provider ceased to trade and can’t meet their obligations around your travel, then your travel insurance will cover you if you can’t claim through another source.

It’s important that your travel plans don’t go against the advice of government bodies, otherwise you may not be covered. Covid-19 cover does not include cancellations because of government restrictions or changes in travel advice from the Foreign, Commonwealth and Development Office (FCDO).

Please note that your insurer must be advised of any pre-existing medical conditions when you take out your policy.
